HOLDRIDGE'S EVERGREENS

We have a tremendous number of Evergreens growing on our farm ready to dig, and more ordered for spring delivery. We will try to keep 1,000 or more trees ready at all times for your inspection at our garden center.

All trees are dug and balled by experts and held under our lath house under ideal conditions. Come and look over our stock. See your trees before you buy. Be sure you buy hardy stock grown here in Connecticut.

Look at these trees and compare quality and prices with anyone. Below are only a few of the kinds we grow and sell.

Pfitzer Juniper

Golden Plumosa—12 to 15 inches tall—L	}	\$2.00
Globe Arbor Vitae—10 to 12 inches tall—L

T—denotes taller growing types

Would you like to have us plan and plant your home for you? See Page 4.

SOIL TESTING SERVICE

Now Available

Bring in a soil sample (a mixture taken from three or more places in your plot). Report what you wish to grow in the area. Allow 1 week for tests and recommendations. Charge per sample—\$1.00.

AN INVITATION

You are most cordially invited to visit at the Holdridge Farm Nursery this season. Stop in to buy your garden needs or just come in and browse around. We are open seven days a week until 6:00 P.M.

Stop in and see what's new in the garden line.

Good Luck and Good Gardening in 1959.

From—ALL THE FOLKS AT HOLDRIDGE FARM NURSERY.

AZALEAS

We will have over 2000 azaleas available this spring. Our largest shipments will arrive here about May 1st in bud. All azaleas bought this spring should bloom well this year.

Varieties and sizes available:

HINODEGIRI—the hardiest of the real red varieties—8 to 10 inch spread at \$2.00; and large 15 to 18-inch spread at	\$3.00
DELAWARE VALLEY WHITE—8 to 10 inch spread	\$2.00
AMOENA—purplish pink flowers—8 to 10 inch spread	\$2.00
KAEMPFERI—12 to 15 inch spread—very hardy	\$3.00
MOLLIS types—the large yellow blossoms—12 to 15 inches tall	\$2.50
MICROLATUM—a very, very early lavender flower—15 to 18 inches tall	\$3.50
We have a few extra large clumps of Azaleas—2 to 3 feet tall—color not guaranteed — each	\$5.00

RHODODENDRONS

Hybrid Rhododendrons—grown from seed from red rhododendrons, but color is not always true—5 to 6 inches tall	90c
10 to 12 inches tall	\$1.50
Grafted Red Rhododendrons—guaranteed to be red—10 to 12 inches, \$3.00; 12 to 15 inches, \$4.00; 18 to 24 inches	\$5.00
White Rhododendrons—10 to 12 inches	\$3.00
Catawbiense Rhododendrons—nice purple flowers	\$5.00
Maximum—pink flowers—nice large clumps with 2 to 3 foot spread—use this variety where foliage is primary concern — each	\$5.00

BABY EVERGREENS

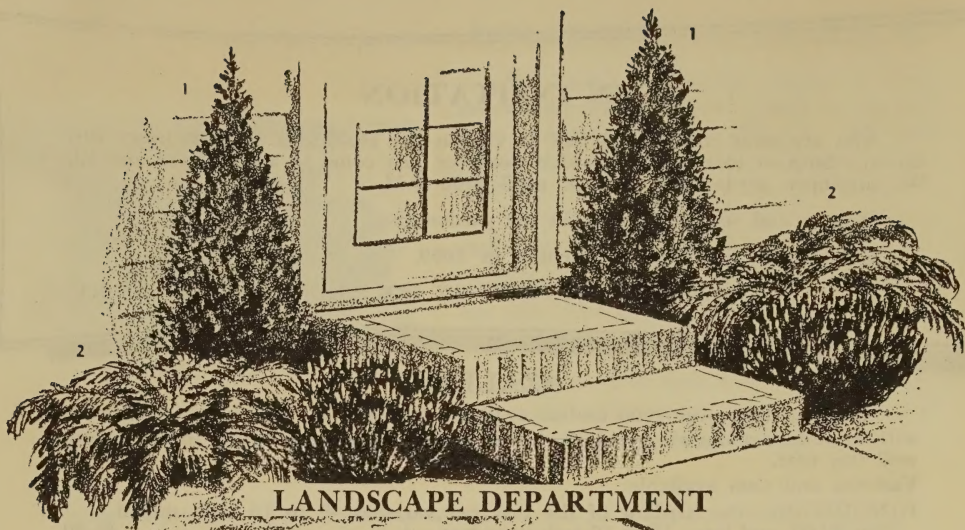

Available during the month of April ONLY.

Golden Plumosa—2 year transplants—12 to 15 inches tall—each	50c
Globe Arbor Vitae—2 year transplants—8 to 10 inches tall—each	50c
Spreading Taxus—2 year transplants—8 to 10 inches tall—each	50c
Capitata Upright Taxus—4 year transplants—8 to 10 inches tall—each	75c
Ilex—Roundleaf Holly—2 year transplants—12 to 15 inch spread—each	50c
Andromeda—4 year transplants—8 to 12 inch spread—each	75c
Colorado Blue Spruce—3 year seedlings—6 to 10 inches—each	20c
White Spruce—3 year seedlings—8 to 12 inches—each	15c
American Arbor Vitae—4 year transplants—10 to 12 inches—each	50c

Absolutely no guarantee on lining out stock.

Mail orders of \$5.00 or more will be shipped prepaid.

Mail orders less than \$5.00, please add 50c for postage.

LANDSCAPE DEPARTMENT

The Holdridge Farm Nursery now has a Landscape Department which specializes in the planting of foundation evergreens and the better flowering shrubs and trees. This department is in charge of Phil Barnett, a graduate of the University of Connecticut where he majored in Landscape Design.

At your request, Mr. Barnett will be glad to call at your home, suggest the varieties of evergreens and trees which will give lasting beauty to your home—types which will continue to increase in beauty as the years pass. He will be able to quote you a price on this stock planted at your home and guaranteed if you wish.

We have reserved for the landscape department a large number of evergreens, shrubs and trees. An order placed for planting will be reserved for you even if we run out of that variety at the garden center.

The charge for the planning and planting service we offer is very reasonable and is figured as follows:

1. Price of stock planted
2. Planning and planting charge at \$1.00 per tree
3. Guarantee at 10% of the bill.

As our Landscape Department can do only a limited number of planting jobs during the season, we suggest that you get in touch with us as soon as possible—talk with Mr. Barnett as to what your needs are and place a definite order. Planting jobs will be done in the same sequence as definite orders are received and we may not be able to plant late orders until late in the season. We are not equipped to grade and plant lawns.

May we hear from you soon? The phone at the Nursery is INGersoll 4-7020 and Mr. Barnett's home phone is Mystic Division—JEfferson 6-9714.

LOCATION

The Holdridge Farm Nursery is located on Route 27 in the town of Ledyard, about 5 miles from Norwich and about 12 miles from New London.

From Norwich, take Route 2 (the Westerly Road) for about three miles—turn right onto first state highway, following Ledyard signs—drive about 1 mile and bear left onto Route 27 and drive 2 miles.

From New Haven and New London—cross the Groton-New London bridge and follow Route 95 for about 5 miles—turn left and follow Route 27 (Col. Ledyard Highway)—for about 6 miles. (Two miles past Ledyard Center.)

From Rhode Island points—Go to the Rotary intersection of Route 95 and Route 2—follow Route 95 towards New London about 7 miles—then turn right onto Col. Ledyard Highway (Route 27)—We are about 6 miles from Route 95. (Two miles past Ledyard Center.)

Located on the Big Hill.

POINTS ON LANDSCAPING YOUR HOME

1. Plan for year around beauty with evergreens to set off the house in winter as well as flowers for summer beauty.
2. Work out a rough plan for your home, dividing your lot into three parts, as follows—A Public area, to be viewed from the street; a Service area, for clotheslines, utilities, vegetable garden, etc.; and a Private area, for picnics and relaxation.
3. Foundation Planting — Your Foundation planting should be planned so as to provide a frame for your house. The shrubs should always be planted so as to emphasize the beauty of the house and never to obscure it. Always keep the mature height of the plants in mind. Use plants which blend well together and you may use groups of various shade or types of evergreens which appeal to you. Planting should soften the harsh corner lines of the building, give emphasis to the doorway, and make the house a part of the landscape.
4. Shade trees should be planted with their mature size in mind. Plant in front to frame the house, not to hide it.
5. Plant early blooming flowers and shrubs so that they may be seen from inside your house. Summer blooming shrubs are recommended for your picnic area.
6. A free bulletin, "Landscaping Your Home Grounds" by H. O. Perkins, may be obtained by writing the University of Connecticut, or from any Extension office in the state.
7. We have a free booklet, "How to Plant", available at our nursery. Ask for your copy.

BUSINESS HOURS

Our nursery is now open six days a week from 8:00 A.M. until 6:00 P.M.; Sundays, 9:00 A.M. until 6:00 P.M. During April and May, only, we stay open evenings until 8:00 P.M.

PRICES

All prices of nursery stock and garden supplies quoted here are subject to the Connecticut Sales Tax when it applies. All prices are subject to change if necessary to meet higher costs.

OUR GUARANTEE

We guarantee to furnish stock in good condition, up to grade and specifications. If your mail order arrives in damaged condition, report to us immediately. We will adjust complaint or refund your money.

We cannot guarantee livability after stock arrives on your place as so many factors may be the cause. We will, upon proper proof, replace free all trees, etc., which may prove untrue to name or refund the price paid but we will give no further warranty.

We do not guarantee balled and burlapped evergreens.

Our nursery is inspected yearly by an authorized State Inspector and a copy of our certificate accompanies each shipment.

SHIPPING

Please call for your order whenever possible. When orders must be shipped, please add 20% for packaging and postage.

Please give instructions in your order how we should ship. If no instructions are given, we will ship as is best in our judgment.

We will ship as near as possible to the date which you ask for but can not guarantee shipment on exact dates requested because of weather and other conditions beyond our control.

If no date is given, we will use our judgment as to the best time to ship your particular order to the area in which you live.

Flowering Shrubs

We will start the season with a good supply of the following flowering shrubs. They will be potted in tar paper pots which should be removed before planting. Most shrubs are from 2 to 3 feet tall.

ALMOND—small pink flowers—early.

ALTHEA—double rose red, double rose violet, double white, double white with pink center—late summer.

BEAUTY BUSH—pink flowers—early summer.

BLUE HYDRANGEA—Nikko—a new variety—\$1.00.

Nikko—large B&B clump—available May 1—\$3.00.

Chinese Chestnuts—3-4 feet tall—plant two—each	\$1.50
Butternut—3-4 feet tall	50c
Black Walnut—4-5 feet tall	50c
English Walnut—3-4 feet tall	\$2.25

Everblooming

ROSES

2 YEAR FIELD GROWN

There is no other flower which will respond so well to extra care as the rose. We carry at our garden center a full line of needs for the rose fancier such as: peat moss, pulverized manures, rose fertilizers, rose dusts and sprayers and dusters for every sized rose garden.

CLIMBING ROSES

Climbing roses throw blooms only from the one year wood, and therefore will not bloom in any quantity during the first year. Climbing roses are very hardy and, once started, will last for many years.

PATENTED CLIMBERS

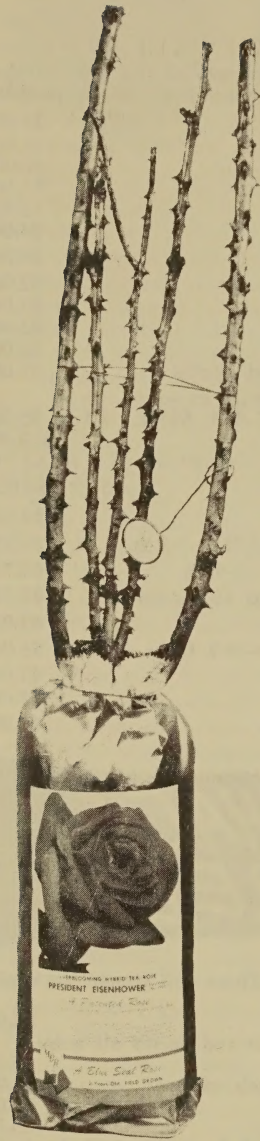

ALOHA—Pillar type, pink	\$2.50
CRIMSON GLORY—rich crimson	2.50
CLI. PEACE—yellow pink	2.25
DOCTOR J. H. NICOLAS—deep pink	2.00
GOLDEN SHOWERS—daffodil yellow	2.75
SPECTACULAR—orange red	2.50

FLORIBUNDA ROSES

Floribunda roses grow from 3 to 4 feet tall, about the same height as the tea roses but blooms are all in clusters. As a rule, the stems of floribundas are shorter than tea roses, and so not as good for cutting but the masses of bloom make them excellent for effect in your garden. All will bloom this year.

FLORIBUNDAS

AMY—satin pink	\$2.00
CIRCUS—rich red, scarlet and yellow	2.50
FASHION—coral and gold	2.00
FUSILIER—luminescent orange-red	2.50
GOLDLOCKS—golden yellow	2.00
GOLD CUP—rare golden yellow	2.50
IVORY FASHION—ivory	2.75
JIMINY CRICKET—coral orange	2.00
MA PERKINS—salmon and gold	2.00
PINOCCHIO—salmon and gold	2.00
RED PINOCCHIO—deep carmine	2.00
SPARTAN—orange red	3.00
VOGUE—coral pink	2.00
MASQUERADE—multicolored	2.00

EVERBLOOMING FLORIBUNDA

ROSES — 90c each

BETTY PRIOR—pink
FLORADORA—red
LAFAYETTE—red
RED RIPPLES—red
SUMMER SNOW—white

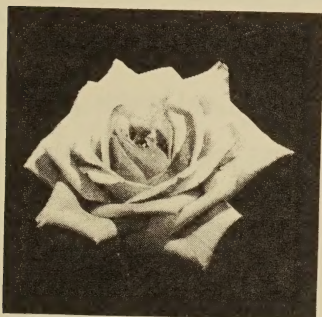

ROSES

During March and April we will have a very large selection of rose bushes on hand. Each plant will have its roots individually wrapped in peat moss and will have a large colored picture to help you make your choice. For mail orders—add 20% for packing and postage or we can ship by express collect. Our patented roses are all large No. 1 grade. The 90-cent roses are grade No. 1½. We reserve the right to substitute on mail orders after May 1.

TEA ROSES

90c

Rome Glory—red
 Ami Quinard—dark red
 Countess Vandall—two-toned pink
 Crimson Glory—red
 Eclipse—yellow
 Etoile de Holland—red
 Poinsetta—red
 Editor McFarland—pink
 Golden Charm—yellow
 McGredy—yellow
 Pres. Hoover—two-toned
 K. A. Victoria—white
 Talisman—two-toned
 Sister Theresa—yellow
 McGredy's Scarlet—red
 The Doctor—pink
 Rex Anderson—white

POTTED ROSES

About May we will have a nice supply of potted roses available in the non-patented varieties. These will do well for those who are not able to set their roses out early in the season.

Price — each \$2.00
 3 for 5.00

HYBRID TEAS

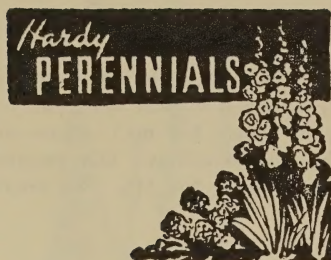

American Flagship, velvety red \$2.00
 Careless Love—red 2.50
 Cherry Glow, deep cherry 3.00
 Chrysler Imperial—vivid crimson red 2.50
 Diamond Jubilee—buff yellow 2.25
 Fort Vancouver—medium pink 2.50
 Forty Niner—orient red and yellow 2.25
 Golden Masterpiece—rich golden yellow 3.50
 Helen Traubel—pink and apricot 2.75
 Kordes Perfecta—pink and white 3.75
 Love Song—pink and yellow 2.50
 Mary Margaret McBride—pink 2.00
 Mirandy—garnet red 2.25
 Mojave—glowing orange 2.75
 New Yorker—velvety scarlet 2.50
 Nocturne—cardinal red 2.25
 Peace—yellow and pink 2.50
 Pink Favorite—deep pink 2.50
 Pink Frost—large fragrant pink 2.50
 Pink Peace—deep dusty pink 3.50
 President Eisenhower 2.25
 The Duke—rich carmine red 2.50
 Tiffany—warm clear pink 2.50
 White Knight—satin white 3.00

GRANDIFLORA ROSE

The Grandiflora Rose is a newly introduced class. The plants are relatively tall and are free flowering. They often flower in clusters with each individual stem being long enough for cutting. The size of the flower is not as large as the Hybrid Tea, but larger than the Floribunda.

GRANDIFLORAS

Buccaneer—butterfly yellow \$2.50
 Carousel—dark red 2.00
 Montezuma—sun orange 2.75
 Queen Elizabeth—delicate pink 2.50
 Starfire—rich red — 1959 AAR Award 3.50

We will have the following varieties of perennials as soon as the new growth starts this spring. These will be potted in strawberry baskets and are all strong two year old plants which should bloom well this year.

Delphiniums, (blue white, pink); Asters, Shasta Daisy, Baby's Breath, Basket of Gold, Sedum (low growing, red yellow, white); Columbine, Lupine, Clove Pinks, Carnations, Phlox, Veronica (blue and pink); Gaillardia, Hollyhocks, Coral Bells, Forget-Me-Nots, Wall-flowers, Coreopsis, Lychnis, Painted Daisy, Sweet Williams and Moss Pinks. Price 50c each—not mailable.

GROUND COVERS

VINCA MINOR—Common Periwinkle or Myrtle. Excellent ground cover, does best in shade—blue flowers in spring. 25 cents clump; \$4.00 a bushel.

PASHYSANDRA (Oriental Spurge) — Best of ground covers, good for shade, white flowers in May and June. \$1.00 doz.; \$8.00 per 100.

HALL'S JAP HONEYSUCKLE—Excellent for covering up banks, stones and rough places. 60 cents each; 10 or more, 50 cents each.

Bleeding Heart (*Dicentra Spectabilis*) will be available in packages and in pots — each 60c

BULBS FOR SUMMER FLOWERS

DAHLIAS—Package of six large tubers of different varieties, each labeled and wrapped separately. Decorative type—Pompoms and Miniatures—per package \$1.25

Cactus and Bi-colors—per package \$1.50

PEONIES—Growing in pots at our farm. Varieties labelled. White, pink, red. Price: 75c each; 3 for \$2.00

LILY BULBS—Gold Band Lily; Rubrum, white with red spots; Regal, white with yellow throat; Regalalbum, pure white—Each 25c

BEGONIAS—Double red, double white, double yellow, and double pink. Price: 3 for 25c; 12 for \$1.00; large bulbs, 25c; 5 for \$1.00

CANNAS—President, tall red. King Humbert, short red. Yellow King Humbert, City of Portland, pink. 2 for 25c; doz. \$1.50; 100 \$10.00

GLOXINIAS—Mixed colors—25c each; 5 for \$1.00

ANENOMES—in packages—12 for 35c

RANUNCULAS—in packages—12 for 35c

TUBEROSE—Each 15c; 12 for \$1.50

FERTILIZER

We can quote the following prices for fertilizer delivered to farms in this area in one ton or more lots. Allow three to five days for delivery from the factory. We usually stock 5-8-7 and 5-10-10 at the nursery and this is available at any time, but we do not deliver from the garden center.

FERTILIZER	Per Ton
5-8-7	\$49.20
5-10-10	53.20
7-7-7	54.70
0-15-30	67.00
8-16-16	62.20
10-10-10	63.95
20% Superphosphate	39.70

All commercial fertilizer is semi-granular this year.

GLADIOLI

Gladioli Bulbs—These bulbs are grown for us by a specialist in glads. All beds have been dusted and sprayed regularly so that flowers will be at their best this coming year. No. 1 grade bulbs are at least 1½ inches in diameter. They will all produce beautiful spikes this summer. Color pictures of all varieties will be on display at our nursery.

Abu Hassen—blue.
 Acca Laurentia—orange.
 American Express—yellow
 Arc De Triumph—cream.
 *Alfred Nobel—pink with white blotch
 Benjamin Britton—deep lavender.
 Cardinal Spellman—carmine red.
 Harry Hopkins—deep red.
 Hans Van Meegeren—yellow.
 Hawaii—brown red.
 Jo Wagenar—velvet red.
 *Leeuwenhurst—lilac rose.
 Lustige Witwe—blue with white blotch.
 Lilac Time—lavendar with red blotch.
 Mansoer—blood red.
 Mable Violet—deep violet.
 *Mrs. Marks Memory—rose red.
 Memorial Day—purple.
 Modern Times—wine red.
 *Morning Kiss—white.
 New Europe—bright orange red.
 Palet—red with purple blotch.
 Pactolus—buff yellow, red blotch.
 Pucini—bright rose.
 Picardi—salmon.

*Ravel—blue with red blotch.
 Salmon Glory—creamy white with red blotch.
 *San Sousi—brilliant red.
 Silhouette—smoky.
 *Salmon Sensation—deep blue, very tall.
 Snow Princess—white.

Price 10 for \$1.00; 25 for \$2.00; 100 for \$7.50

FRUIT TREES

We can offer this year a nice variety of fruit trees grown for us by one of the largest nurseries in the country. All are of top quality and are graded strictly to size.

Our low overhead on our farm enables us to sell these trees at a much lower price than that quoted by most dealers. We hope that you will compare sizes and prices with other concerns and that you will come and see the trees here at our farm. These trees will be ready in our sales cellar by March 15 or before.

Each year we are sold out of some varieties early. To be sure of varieties wanted, order now and they will be saved for you.

It is possible for us to ship by parcel post, up to 10 fruit trees, by pruning to meet postal regulations. The charge for wrapping and postage is 20% of cost of trees but not less than 50 cents for an order. Large orders will be shipped by Railway Express or will be held for you in our storage. No orders will be held after May 1 unless paid for in full.

We advise that all fruit trees be planted as early as possible in the spring.

PEACH TREES — 1 YEAR

Champion—early white
Jerseyland—early August
Golden Jubilee—very early, yellow, mid-August
Red Haven—excellent quality, mid-August
Early Elberta—similar to Elberta, but earlier, late August
Fowler—large yellow, late August
Hale Haven—High quality yellow, good shipper, early Sept.
Belle of Georgia—large white, early September
J. H. Hale—very large yellow, mid-September
Elberta—standard canning peach, mid-September
White Hale—mid-September

PRICES

9/16 inch
caliper
4-5 feet tall

90c each

Not Prepaid

ONLY J. H. HALE REQUIRES CROSS-POLLINATION

All Peaches listed above are freestone.

If your total order for trees is 50 or more, we offer a discount of 10c per tree from quoted prices.

DWARF FRUIT TREES

Dwarf fruit trees are a very popular item for gardeners with a limited space. These trees grow about 8-12 feet tall at maturity and will use a correspondingly small space. Dwarf pears bear two years from planting; dwarf apples from two to four years. Our dwarf trees will be 2 years old, and 9/16 inch in caliper.

DWARF APPLES—Varieties available: McIntosh, Red Delicious, Greenings, Red Rome, Yellow Delicious, Baldwin. Price—each \$2.00
DWARF PEARS—Varieties available: Clapp's Favorite, Bartlett, Seckel and Anjou. Price — each \$1.75
DWARF CHERRY—North Star, Meteor. Price—each \$1.75
DWARF PLUM—Stanley, blue. Price—each \$1.75
DWARF PEACH—Golden Jubilee, Elberta, Red Haven. Price—each \$1.75

APPLES — 2 YEARS

9/16 inch caliper — 5 to 6 feet tall

Lodi—early August
Red Astrachan—early August
Early McIntosh—mid-August
Dolgo Crab—late August
Red Gravenstein—late August
Milton—late August
Wealthy—early September
Double Red McIntosh—mid-September
Cortland—late September

Double Red Delicious—late September
Macoun—late September
R. I. Greening—early October
Jonathan—early October
Turley Winesap—early October
Red Northern Spy—mid-October
Yellow Delicious—mid-October
Red Rome—mid-October
Baldwin—mid-October

\$1.00 each — Not Prepaid

PEAR TREES — 2 YEARS

11/16 inch caliper — 5 to 6 feet tall

Clapp's Favorite—early canning or eating pear—mid-August
Bartlett—best canning pear—early September
Gorham—Late Bartlett type—early September
Seckel—small sugar pear—mid-September
Bosc—late Russet Pear—late September
Sheldon—very sweet—early October
Anjou—very juicy—mid-October
Kieffer—large yellow—mid-October

\$1.25 each

Not Prepaid

CHERRY TREES — (mazzard roots)

9/16 inch caliper — 4 to 5 feet tall

Windsor—dark red often called Oxheart—early July
Black Tartarian—large sweet, black—early July
Schmidt's Biggareau—large, almost black, sweet—mid-July
Napoleon—yellow with red cheek, sweet—mid-July
Montmorency—sour cherry, best for pies—late July

\$1.25 each

Not Prepaid

PLUM TREES — 2 YEARS

9/16 inch caliper — 4 to 5 feet tall

Santa Rosa
Abundance—round, red, yellow flesh—early August
Burbank—large round, reddish, purple—early August
Yellow Egg—round—mid-August
Stanley Prune—large, dark blue, freestone—mid-September
Reine Claude—round, green—mid-September
Fellemborg—large, good canner—early October

\$1.25 each

Not Prepaid

With the exception of the Montmorency sour cherry, the fruit varieties listed on this page usually yield better when the opportunity for cross-pollination is provided by the bloom of other varieties of the same kind of fruit.

OTHER FRUITS

5 IN 1 APPLE—9/16 inch caliper—5 to 6 feet tall. The following five varieties are grafted on one tree: Baldwin, McIntosh, Red Delicious, Yellow Delicious and Jonathan—Each \$2.50
QUINCE—2 year—1/2 inch caliper. For old fashioned quince jelly \$1.00
NECTARINES—two—Garden State and Surecrop—9/16 inch caliper—each \$1.25
APRICOT—Moorpark and Early Golden \$1.50
HOWARD MIRACLE PLUM—extra large fruit \$2.00

POWER LAWN MOWERS

If you are in the market for power equipment, stop in at our new department and look over our stock. These prices are in effect at the start of the season but are subject to change.

GOOD — LAWNFLITE

18 inch Rotary—4 cycle 2 H.P.	\$49.95
22 inch Rotary—4 cycle 2½ H.P.	\$65.95

BETTER — MOTOMOWERS

18-inch Catalina Rotary	\$65.95
21-inch Catalina Rotary	\$79.95
18-inch Self-Propelled Rotary	\$87.50
21-inch Self-Propelled Rotary	\$91.50

BEST — TORO

20-inch Reel Mowers	\$74.50
25-inch Reel Mower	\$94.50
19-inch Rotary Whirlwind	\$89.95
21-inch Rotary Whirlwind	\$99.95

Credit terms can be arranged for customers with established ratings.

TORO POWER HANDLE \$89.95

Come and see the Toro Power Handle—a big 3 H.P., 4 cycle engine—and then you can keep adding any of their many attachments.

These units can be purchased for the Power Handle:

Tiller—15-inch	\$ 99.95
20-inch Reel Mower	\$ 74.95
25-inch Reel Mower	\$ 94.95
22-inch Rotary Mower	\$109.95
Snow Blower	\$ 79.95

Other units available for the Power Handle are Aerater, Pump, Generator, Edger, Trimmer and Sully.

Toro Riding Reel Mower—25-inch tricycle type \$209.95

FLOWER AND VEGETABLE PLANTS

We carry during the season a very large assortment of vegetable and annual flower plants. These are offered by the dozen or by the flat of 100 plants. Many of the better varieties are being grown for us in packs of 12 plants. These hold very well until you are ready to plant and there is a minimum of transplanting shock. Four of the largest growers in the area furnish plants to us regularly and that is why we can offer you this wide assortment.

SPECIALS

BURPEE BIG BOY HYBRID TOMATO PLANTS—packed in individual plant bands—dozen	\$1.50
flat of 40 plants	4.00
SWEET SPANISH ONIONS—per row of approximately 100 plants	50c
per flat (plus deposit)	\$3.00

ROOTS AND HERBS

Complete your garden with a few of these herb plants:

Horseradish Sets—whole roots—10c each; doz.	\$1.00

Green Leaf Barberry—6 to 9 inches—10 for	\$1.00
American Arbor Vitae—10-12 inches, bare-root 4 year old transplant—10 for	\$5.00

BLUEBERRIES — SPRING AND FALL

Cultivated blueberries are hardy shrubs of rare beauty; they are doubly valuable because they are fruitful and ornamental throughout the entire year.

Every home garden, no matter how small, has room for at least a few of these blueberry plants. It takes only a few plants to produce all the berries that an ordinary size family will need. As a commercial proposition it is one of the most profitable fruits to grow. There is a big market for these delicious blueberries. They make good money in a very short time. You can begin picking the second or third year after planting. Plants last a very long time.

Cultivated blueberries grow in large clusters, plump, tender, and practically seedless. They will grow anywhere that strawberries will, doing their best on a moist, acid soil which is kept mulched all summer. For pollination, plant at least two varieties.

Our very low prices on large bearing age plants will give you berries years before smaller plants. We advise buying blueberry plants on a size basis.

We recommend that you plant at least two varieties. Our plants are ready during the season so you may call and pick the plants up immediately.

VARIETIES AVAILABLE — FIVE OF THE BEST

EARLBLUE—One of the newer and better varieties of cultivated blueberries. Early and productive.

BLUERAY—Another new and very productive variety — good for either commercial or home gardeners. Large, blue, sweet berries.

JERSEY—Large, light blueberries. The bush grows erect and is very productive.

CONCORD—One of the standard midseason varieties of blueberries. Excellent quality, very productive.

BURLINGTON—A nice berry which produces slightly later than our other varieties. Use to prolong your blueberry season.

PRICE—3 year plants, at least 18 to 24 inches tall: Each 80c
40 or more at . . . 75c 50 or more at . . . 70c

ASPARAGUS PLANTS

Home-grown asparagus is one of the easiest to grow and yet one of the most delicious treats available to the small gardener. Cut fresh in your own garden, it is unexcelled in flavor and quality. Start now to have a bed of your own.

Our plants, if heavily fertilized in your garden, will produce some asparagus for you the next spring. The second spring, you can cut it for about one month and after that, if you continue heavy fertilization, you can cut it up to the 1st of July each year. A bed, once started, will last as long as you take care of it.

VARIETY — MARY WASHINGTON

Heavy No. 1 Grade—25 for 75c; 50 for \$1.50; 100 for \$3.00; 500 for \$12.50; 1,000 for \$20.00. Packing and postage, add 20%.

ASPARAGUS CULTURE

Set asparagus in rich soil a foot apart in a furrow 6 inches deep. Cover 3 inches and tramp. In hoeing, work soil toward plants so that by mid-summer the ground is level. Do not cover 6 inches at first or plant will be smothered. Cut sparingly the second year, after that cut all shoots 6 or 8 inches high until about the middle of June, then let tops grow. Fertilize asparagus liberally, with stable or hen manure any time in summer or fall after cutting season is over.

RED RASPBERRY PLANTS

Raspberries are one of the treats available to home gardeners and will bear handsome crops if a little care is given them. Here is a crop ideal for the part-time farmer which is overlooked by many growers. Very easy to freeze.

We offer strong, well grown plants, free of disease. Start a bed now so that you can enjoy raspberries throughout the summer. Once planted, a raspberry bed is good for from five to ten years, depending on the care given it.

LATHAM (Red)—The fine old standard mid-season berry which folks have liked so well. It bears well under most any condition and is good for commercial or home gardeners. Available in transplants only.

SEPTEMBER (Everbearing, Red)—This is one of the newer everbearing varieties of red raspberries which is reported to be very good. We have only transplants available. Bears in September the first year planted.

TRANSPLANTS

6 for 75c; 12 for \$1.50; 25 for \$3.00; 100 for \$10.00.

Not sold in lots of less than 6 of one variety.

PURPLE AND BLACK RASPBERRIES

SODUS (Purple)—This is the leading purple raspberry. The berries are medium purple in color and good in quality. The plants are very productive and vigorous. No. 1 grade only.

CUMBERLAND (Black)—This variety yields well under most any condition. It has a glossy black berry of excellent quality and bears in mid-summer. Black raspberries are gaining in popularity. They can be raised at less cost than the red varieties and stand on the vines a long time without becoming soft. No. 1 grade only.

PRICES—No. 1 Grade—All varieties: 6 for 65c; 12 for \$1.20; 25 for \$2.00; 50 for \$4.00; 100 for \$7.50; 1000 for \$65.00, not prepaid.

BLACKBERRIES

Blackberries grow best on fertile loam. The rows should be six feet apart with each plant approximately two feet apart in the row.

ALFRED — This is the sweetest of all blackberries. The berries are very large, and bear in large clusters. The plants are very sturdy.

Prices:

12 for \$1.00; 25 for \$2.00; 100 for \$7.00

GRAPE VINES

These are all No. 1 Grape Vines and should give you excellent results.

Moore's Early—Extra early blue grape.

Concord (Blue)—The Standard blue grape.

Portland (White)—Early, large and of good flavor.

Caco (Red)—Early, fine flavor with large bunches.

Fredonia (Black)—very early, excellent quality.

Van Buren (Black) —Best new grape. Very sweet. 1 yr. No. 1.

Price: 40c each; 3 for \$1.00; 10 or more at 30c each; 100 or more, 25c each.

CURRENT BUSHES—Red Lake—each 50c

(No mail orders accepted for Currants)

STRAWBERRY PLANTS

We are one of the largest growers of strawberry plants and strawberries in Connecticut. Last year we sold over 200 thousand plants and produced over 18,000 quarts of berries.

We know that our plants, with proper care, can produce the heavy crops of beautiful berries that are profitable for commercial growers and are so rewarding to home gardeners.

Our berries were mostly sold to the public on a "pick-your-own" basis last year with as many as 150 pickers in the fields at one time. Many times during the season we heard the remark, "You folks surely know how to raise strawberries."

Don't forget the benefits of our quality plants, acclimated to Connecticut conditions, is yours if you get your plants at Holdridge's.

Our plant stocks are:

1. All of virus free strains whenever that stock is available.
2. Absolutely free of red stele.
3. Treated for nematods. We do not feel this is a serious problem in Connecticut if locally grown plants are used.
4. Well fertilized throughout the year.
5. Available in the better varieties for New England.

Recommendations for Planting Strawberries

1. Plant very early in spring—March 20 to May 1—if possible. Never later than May 30.
2. Plant standard varieties. Our choice as follows: Catskill, Sparkle, Howard. Try other varieties in small quantities at first.
3. Plant in very good garden soil—never where turf has just been turned over.
4. Keep blossoms picked off of June bearing varieties the first season.
5. Keep as free of weeds as possible.
6. Fertilize very heavily the season the plant bed is growing. Do not fertilize just before fruiting.

EVERBEARING STRAWBERRIES

Strawberries of the everbearing varieties may be planted this spring and will start to bear fruit about the middle of July and will bear continually until cold weather arrives.

Everbearing varieties of strawberries do not make very many new plants and we recommend that all runners be kept picked off so that all the strength will go into the fruit. It is also recommended that some type of mulch be placed around each plant so that the berries will be clean.

Everbearing strawberries, planted this way, will not bear the great amounts of berries next June that the regular varieties do so we recommend that not more than one-third of your bed be of everbearing varieties.

BASKETS

We expect to have a car of strawberry baskets and other type baskets on hand this spring. Baskets will be available at the following prices while our supply lasts:

Quart Baskets per 100, \$2.00; per 1000, \$18.00
At farm or by express not prepaid—500 at 1000 rate.

Pint Baskets—both oblong and square..... per 100, \$2.00; per 1000, \$17.00

2-Quart Pansy Tills—packed 250 to a carton.. per 100, \$4.00; per 1000, \$40.00

4-Quart Tills—per 100 \$5.00

Also 4-quart, 8-quart and 16-quart Peach Baskets. Prices not available as this catalogue goes to press.

STRAWBERRY VARIETY DESCRIPTION

HOWARD NO. 17 (Premier)—This is the old reliable very early variety. It is a dependable, heavy yielder and has pointed, fairly light colored berries.

SPARKLE (Mid-season)—A dark red colored berry, excellent for eating and freezing. Very sweet.

CATSKILL (Mid-season to late) — A very large glossy berry on vigorous plants. Good yielder and fine plant-maker. Our best money maker on our own picking beds.

ROBINSON (Mid-season)—This variety has small plants but will give tremendous yields of large berries under proper conditions. Good commercial berry where plants are kept thinned and ground is very rich and moist.

EMPIRE (Early-Mid-season)—A new variety coming into popularity. It is slightly later than Howard but has very large "plum sized" berries.

VERMILLION—Has very glossy fruit—very attractive berries—good plant-maker.

ARMORE—An extra good late variety—very productive—good freezing berry.

SURECROP (Mid-season)—Produces bright red large berries with a nice green cap.

FAIRFAX—A good home berry. The sweetest of all varieties with real dark berries. Fairly good yields.

RED GLOW (Early Mid-season)—A vivid red glossy berry—reported as an excellent yielder.

STELEMMASTER—An early berry with extra large size.

POCAHONTAS—This variety shows great promise. Extra large plants. Berries are large, light, firm and tart.

DIXIELAND—A new variety which shows promise. It is a lighter colored berry than some but yields well and berries stand up well after picking.

PRICE OF STRAWBERRY PLANTS LISTED ABOVE

25 for 75c — 50 for \$1.50 — 100 for \$3.00 — 300 to 700 @ \$2.50 per 100 — 1,000 for \$20.00 — 3,000 or more @ \$18.00 per 1,000.

For Prepaid Orders by Mail—Add 20% for Packing and Postage

SUPERFECTION—Everbearer—This is one of the standard varieties of ever-bearers and will give you a nice crop of good sized berries.

Price of **SUPERFECTION EVERBEARING PLANTS**—25 for \$1.00; 50 for \$2.00; 100 for \$4.00. For prepaid orders by mail add 20%.

RED RICH—Everbearers

This is probably the best of the everbearing varieties of strawberries. The berries are very large, glossy red and have a very nice flavor. Yields of berries from Red Rich are very good.

We expect to have an ample supply of Red Rich on hand at our nursery this spring both for our cash and carry trade and for mail orders.

RED RICH—Prepaid or at the Nursery: 12 for \$2.95; 25 for \$5.00; 50 for \$8.50; 100 for \$15.00.

BLUE GRASS—Blend—3 lbs. \$2.98

LAWN FERTILIZERS

SCOTT'S TURF BUILDER—This is our best selling lawn fertilizer and has given such good lawns that most home owners, after using it once, continue to use it regularly once or twice each year—2500 sq. ft. bag \$2.95; 5,000 sq. ft. bag \$4.75; 2 bags \$8.95.

CORENCO TURF GREEN—This fertilizer is giving excellent results. It contains 40% Organic Nitrogen which gives it the long feeding period which a good lawn fertilizer will furnish—50 lb. bag \$2.95.

CORENCO TURF GREEN—with CHLORDANE—the same fertilizer with chlordane added to give insect control throughout your lawn—50 lb. bag, 2,500 sq. ft. size \$4.95.

FIESTA—A combination fertilizer, soil conditioner, grub killer and contains chemicals to inhibit the germination of crab grass seeds—50 lbs. \$5.95.

CORENCO ALL ORGANIC—Also 100% Organic. Made from sludge, 50 lbs. \$2.95.

SCOTT'S SOIL IMPROVER—to sweeten soil, add iron, sulphur and other minor elements—2,500 sq. ft. bag \$2.95.
